

Society Hill Synagogue is an independent congregation, rooted in tradition, flourishing with life.

Our services are based on Conservative liturgy while incorporating influences from the Reconstructionist, Renewal, and Reform movements, and beyond. We emphasize lifelong learning, social action, soulful music and prayer, and sacred community.

We pride ourselves on being warm, welcoming, and intergenerational.

We embrace our diverse membership, including interfaith couples and families, LGBTQIA+ people, people of color, and people of all abilities.
